Knowledge of OSHA regulations & guidelines.
Ability to adjust and move equipment to complete projects.
Ability to physically endure work schedule, lift & carry tools, work in changing work environments, & squat, bend & stretch for short intervals.
Ability to follow oral and written instructions.

The following qualifications will be a plus in the District's evaluation of candidates:

CDL Class B license
Electrical knowledge & experience
Stormwater pump knowledge & experience
Broward licensure in auto repair
CSE certifications in vehicle maintenance
Welding knowledge & experience
CPR certificate

Job Responsibilities:

The SBDD Mechanic will be expected to perform the following job duties:

Troubleshoot, maintain and repair District's fleet of small trucks, crane truck, grapple truck, diesel engines, small engines, outboard motors, stormwater pumps & misc equipment.
Perform major & minor repairs & replace damaged parts.
Operate, inspect & diagnose machines & heavy equipment.

Test mechanical products & equipment after installation and/or repairs to ensure proper performance.
Diagnose and test equipment to evaluate proper performance & required repairs.
Perform routine maintenance on all District's vehicles & equipment.
Maintain a clean & safe work area at all times.
Train and oversee maintenance work by other employees.
Follow OSHA regulations for safety and operations.

A career with SBDD includes:

Competitive wages, benefits, & ability to participate in the Florida Retirement System, professional atmosphere, excellent working conditions, training, and personal & professional development opportunities.
Position will include a 90-day evaluation period in accordance with the District's Employee Policy Handbook.

Interested candidates can mail resumes to Kevin Hart, District Director, or e-mail resumes to kevin@sbdd.org.
