QUESTIONS FROM PROSPECTIVE BIDDERS

1. **Question:** Please explain specifically how the pricing of one proposal will be evaluated against the pricing from another proposal, including the answer to these questions:

- a. Will each pricing proposal be analyzed and refined to become one total number which can then be compared to the other proposals, and if so, what is the formula that will be used to derive that total number?

Answer: No, each pricing proposal will be evaluated based on the individual unit prices for each category/item. As noted in the bid documents, South Broward Drainage District (SBDD) reserves the right to award multiple contracts and to award the contract on a split order basis, group by group, or item by item, or such combination as will best serve the interests of the District. There is no formula that will used to evaluate the bids.

- b. Will extended totals (unit price multiplied by estimated quantity) be used to evaluate pricing, and if so, what estimated quantities and what line items will be used to derive the extended totals that will be evaluated?

Answer: No, each pricing proposal will be evaluated based on the individual unit prices for each category/item.

2. **Question:** Can you provide the locations of the TDSR or Debris Management sites (DMS)?

Answer: Refer to Page 17 of the Bid Documents for the location of the Debris Management Site (DMS); which will be located at the District's Headquarters. The Temporary Debris Staging Site (TDSS) will also be located at the District's Headquarters.

3. **Question:** Must tipping fees be included as part of our unit prices? Or is it allowable to note on the pricing sheet that tipping fees will be negotiated at the time of the event and will be charged at cost (with no mark-up) to District?
